	APPROVAL OF STATE ENGINEER
This is to	certify that I have examined the foregoing application, and do hereby grant the same, subject to the
granted obtained actually	on the source. It is understood that the amount of water hereins only a temporary allowance and that the final water right under this permit will be dependent upon the amount of water placed to beneficial use. It is also understood that this allow for a reasonable lowering of the static water level
•-	
-	ttee's well due to any other ground water development in the
area. A	substantial weir or other type of measuring device must be
	d and measurements of water use kept. The well shall be with a 2-inch opening and an air line for measuring depth to
